

SONG LYRICS

	Lyric extract (not necessarily the opening line)	Song Title
1	There lived a certain man in Russia long ago He was big and strong, in his eyes a flaming glow	
2	My my I tried to hold you back, but you were stronger Oh yeah And now it seems my only chance is giving up the fight	
3	Hypodermics on the shores, China's under martial law Rock and roller cola wars, I can't take it anymore	
4	It's 8:15, that's the time that it's always been We got your message on the radio, Condition's normal and you're coming home	
5	In 1649 to St. George's Hill A ragged band they called the Diggers Came to show the people's will	
6	A long, long time ago I can still remember How that music used to make me smile	
7	I follow the Moskva Down to Gorky Park	
8	I can't believe the news today Oh, I can't close my eyes And make it go away How long?	
9	I was left to my own devices Many days fell away with nothing to show	
10	The future teaches you to be alone The present to be afraid and cold "So if I can shoot rabbits then I can shoot fascists"
